

From Sarah Brown McCulloch's *Guilford: A Walking Guide* (2012):

Anna Kimberly, 25 Boston Street, Federal, c1821.

This house has had many uses and alterations but retains its Federal-style windowheads and cornice. It is not known if Anna Kimberly ever lived here. It is known that from 1821 on she bought and sold several small parcels of the property and in 1855 sold this house and one-half acre to Charles W. Landon, a carpenter who worked for William Weld. Landon and his family lived here for many years.
