HISTORIC RESOURCE INVENTORY – BUILDINGS AND STRUCTURES

CONTINUATION SHEET

368 Boston Street

Other notable features of building or site

Fenestration includes six-over-six double-hung windows with shutters. A small addition is on the east elevation of the house, and a large addition is on the north elevation. Although this is a vernacular building it has some Colonial Revival style features including a symmetrically balanced façade, double-hung windows with multiple panes, and an entry porch.

Historical or Architectural importance

Many of his children had the last name Benzi, and Angelo Bonzi is often noted as Angelo Benzi in official documents. Bonzi lived in Guilford for 75 years before his death in 1981 at the age of 98. He was buried in St. John's Cemetery. Among the work he did in Guilford were two houses on Boston Street (380 and 386 Boston Street), The Little Stone House fish market and gift shop, and the retaining wall at the Town Docks. When Bonzi purchased the property, the dwelling was only one story, and he added the second story.
