SIGNIFICANCE

8. **NOTABLE FEATURES**
A row of small ornamental blocks over the door (rather like dentils but more widely spaced than usual) may be an early 19th century embellishment or may be modern. A low wall of fieldstone across the front ties house to ground nicely.
9. **ARCHITECTURAL-HISTORICAL**
This very small, simple house reminds us that not many people in the 18th century lived in such large two-story houses that have survived to modern times in such numbers. Modest ones like this one were probably once more common.
