455 Great Hill Rd

Interrelationship of building and surroundings

A mile to the south is the North Guilford Congregational Church and the North Guilford Cemetery, both of which are located where the center of North Guilford was. Surrounding the property are nineteenth and early twentieth century dwellings.

Other notable features of building or site

The overhanging eaves, and layout of the fenestration along with the front gable entry could mean this was originally a Greek Revival style house but is now devoid of its decorative features. Fenestration consists of six-over-six double-hung sash windows with shutters. Additions are on the north and south elevations of the house.
