HISTORIC RESOURCE INVENTORY – BUILDINGS AND STRUCTURES

CONTINUATION SHEET

46 High Street

Other notable features of building or site

A tree obscures the view of the façade of the house. However, what is visible is a wide porch off the façade that is reached by stone steps with a wood railing. The hip-roof over the porch is supported by Doric style columns. Fenestration consists of one-over-one double-hung sash windows. The Queen Anne style features include the fish scale shingles in the gable peak and the wide porch. It also has some Greek Revival features which include the cornice returns and the Doric style columns supporting the porch roof.
