DENTIFICATION

DESCRIPTION

3. USE (historic) USE Private house (present)

4. IF MOVED, WHEN AND FROM WHERE:

5. ARCHITECT 1784 6. DATE

BUILDER Colonial STYLE

7. ALTERATIONS

1. ADDRESS

(historic) NAME (common)

2. NAME

Shingle siding on the sides; 2/2 windows; chimney (rebuilt): roof line altered.

8. NOTABLE FEATURES

Plain window and door frames; stone foundation.

9. ARCHITECTURAL-HISTORICAL

The first house of Daniel and Charity Leete was burned by the British in June of 1781 when they landed nearby. This house was built to replace it. Accordingly, the date 1766, originally assigned to the house has been ruled out in favor of "circa 1784". Plain window and door frames add to the pleasant simplicity of this wellproportioned house, a valuable piece of the town's heritage of the Revolutionary period.

10. SOURCES
