CONTINUATION SHEET

345 Old Whitfield Street

Notable Features Continued

There are six more six over one hung sash windows on the front facade, three on each story. All windows are encased in white trim. A simple entablature surrounds the front entry door and has some blue painted features. A stone stoop with three steps leads up to the front door, which is blue. In 1920, a porch was added at the rear and in 2012 a screen porch was also added off of the earlier porch.
