HISTORIC RESOURCE INVENTORY – BUILDINGS AND STRUCTURES

CONTINUATION SHEET

43 South Fair Street

Buildings and Surroundings

This parking area also includes a garage, shed, and greenhouse that was added in the 1980s. A pool is located in the right angle turn of the driveway.

Notable Features

There are also two gable dormers on the southeast side. A two over two hung sash window is located near the roof peak while two of the same windows are on the second floor level. A pair of the same windows is on the first floor next to a front door entry and small square fixed or casement window, both underneath a flat roofed porch that is a half façade width. Behind a storm door, the red front door has three square panels lined up vertically. The porch is not particularly decorative but has wide overhanging eaves and a small stoop leading up to it.
