# HISTORIC RESOURCE INVENTORY – BUILDINGS AND STRUCTURES

### **CONTINUATION SHEET**

93 State Street

#### **Notable Features**

The entry has a large door surround with pilasters and heavy entablature. The same stone as the foundation makes up the small front stoop with an iron railing. A small one story wing extends off the south side elevation.

### **Historical/Architectural Significance**

Nelson Burr bought three contiguous plots on State Street in 1910. It was called the "Green House" as it was always painted green.
