# **HISTORIC RESOURCE INVENTORY – BUILDINGS AND STRUCTURES**

### **CONTINUATION SHEET**

230 Water Street

### **Building and Surroundings**

A white fence lines the southwest side of the house and goes around the back yard in the rear. Down in the boatyard, there is a garage, couple of sheds, and a building for retail operations, at the northeast portion of the property near the West River.

#### **Notable Features**

Directly below are two one over one hung sash windows and a recessed, red, horizontally paneled door with one window on the north end of the façade. One stone step leads up to the door.
