## HISTORIC RESOURCE INVENTORY – BUILDINGS AND STRUCTURES

#### **CONTINUATION SHEET**

150 White Birch Drive

## **Surroundings Continued**

A two car garage is located off the south corner of the house and also has a small driveway in front of it. The house is on a small hill above the driveway with a stoop that leads up to the door.

#### **Notable Features Continued**

A dark green paneled door is located behind a white screen door. A concrete stoop with six steps and an iron railing leads up to the front door.

### **Historical/Architectural Significance**

Later, the group got the legislature to pass a bill which gave the Association municipal authority over the community where they could levy and collect taxes among other things for the use of the safety and well-being of the residents. The Stoddards owned the house until 1984 when it was owned by Peter and Kimberly Ann Anderson.
