HISTORIC RESOURCE INVENTORY – BUILDINGS AND STRUCTURES

CONTINUATION SHEET

77 Whitfield Street

Notable Features Continued

Two castellation towers are located on either side of the façade with an elevated pediment in the middle. A full façade awning covers two large bay windows with a pair of doors in the middle.

Historical/Architectural Significance Continued

Both buildings were bought by Marcius Scott in 1953. Building #1 has been used for commercial purposes ever since. Building #2 has been a market since 1969 in the Rosa family and has recently gone through a restoration by the new owners (as of 2015) to what the store décor was like as First National, uncovering the tiled south wall of the interior.
